(Current Biology 15, 1376–1383; August 9, 2005)

In this study, an image was inadvertently duplicated in Figure 4 (*rad24Δ*; DAPI, aniline-blue staining) and Figure S3 (middle panel; *rad24Δ*, DAPI, aniline-blue staining), both of which show *rad24Δ* cells treated with Latrunculin A. The conclusions of the study are in no way affected by this oversight on our part; the authors apologize to the readers for this unfortunate redundancy and for any inconvenience this might have caused.

The modified figure (Figure S3) is now included in the Supplemental Data available with this article online at <http://www.current-biology.com/cgi/content/full/15/15/1376/DC1/>.
